

Purple Pix Photography Gallery

I would like to thank Purple Pix Photography (Turtle) for our updated photos for our web site. With the help also from my son Tim, who travelled from Brisbane. When Tim arrived he asked if there was anyone in Melrose that did photography work, I said that there was someone but I couldn't remember.

We decided to go for a quiet one at the Mt Remarkable Hotel when Turtle was walking his dog Jack, so then the penny dropped and I said to Tim 'that Turtle is the local photographer'!

Well that was it Tim and Turtle got together the next day and took the amazing new pics for our web site. We would highly recommend Turtle to do all of your photography needs.

Turtle has has an amazing a photo gallery at the B&B it is a 'must see' when visiting Melrose!

Drop in to see us ask us to show you the gallery and I'm sure that you will find some of Turtle's work that will suit a

wall in your home.
